MONTANA RIVERS STUDY —

WILDLIFE AREA UNITS

Prepared for the Pacific Northwest Rivers Study
By The Montana Department of Fish, Wildlife and Parks
January 1990

Montana State Library

3 0864 1006 3599 7

PREFACE

The purpose of this map book is to display the wildlife area units (J codes) which were used in the wildlife portion of the Montana Rivers Information System (MRIS). The map scale in this book is 1:250,000. In addition to displaying the wildlife units, the book also displays the corresponding 1987 Montana Department of Fish, Wildlife and Parks (MDFWP) deer/elk/bear hunting districts.

A state map on page iv, illustrates what part of Montana each page of the book covers. The table which follows the unit maps describes each wildlife unit, its location by EPA hydrologic unit and MDFWP administrative region, the unit type, and map book page number.

Criteria and guidelines for the wildlife portion of MRIS can be found in the Assessment Guidelines: Montana, published in 1986 by the Bonneville Power Administration. For specific wildlife information or assistance, please contact:

Gael Bissell
Montana Dept. Fish, Wildlife and Parks
P.O. Box 67
Kalispell, Montana 59903
(406) 752-5501

To obtain copies of publications, results from MRIS, and computer installation or training information, please contact:

Jim Stimson
Montana Natural Resource
Information System (NRIS)
1515 East Sixth Avenue
Helena, Montana 59620
(406) 444-5356

Janet Decker-Hess
Montana Dept. Fish,
Wildlife and Parks
P.O. Box 67
Kalispell, Montana 59903
(406) 752-5501
